### PROGRAM STRUCTURE

1

#### **Application:**

All FXUA prospective students will start by submitting an application form on the institutional portal to enter the program.

2

#### **Assessment:**

Student applicants will complete brief online assessments that will guide FXUA's efforts to identify prospective students' learning gaps across the program categories and place them in a personalized program path.

3

#### **Placement:**

Students will be placed in a tailored program path depending on their assessment scores. Our staff will meet with students individually to explain their program path.

4

#### **Path:**

The PSP will provide self-paced online courses allowing students a great sense of ownership to develop within seven categories: English Language (Preparatory English or ESL), Academic Writing & Research, Math, College Readiness & Study Skills, Life & Social Skills, Transformative Learning & Leadership in Practice Skills, and Workplace Readiness Skills. With our student-centered approach, we offer highly interactive course materials and activities that focus on self-reflection and real-life application.

5

#### **Completion:**

Upon successful completion of **assigned PSP categories**, students will earn admission to the FXUA undergraduate degree program of their choice. In addition, students will earn micro-credentials for each category they complete and an FXUA certificate of completion.
